

# Eddy

## Re-design Summary

We're re-releasing Eddy - Keeping the best bits and adding some new and improved features.

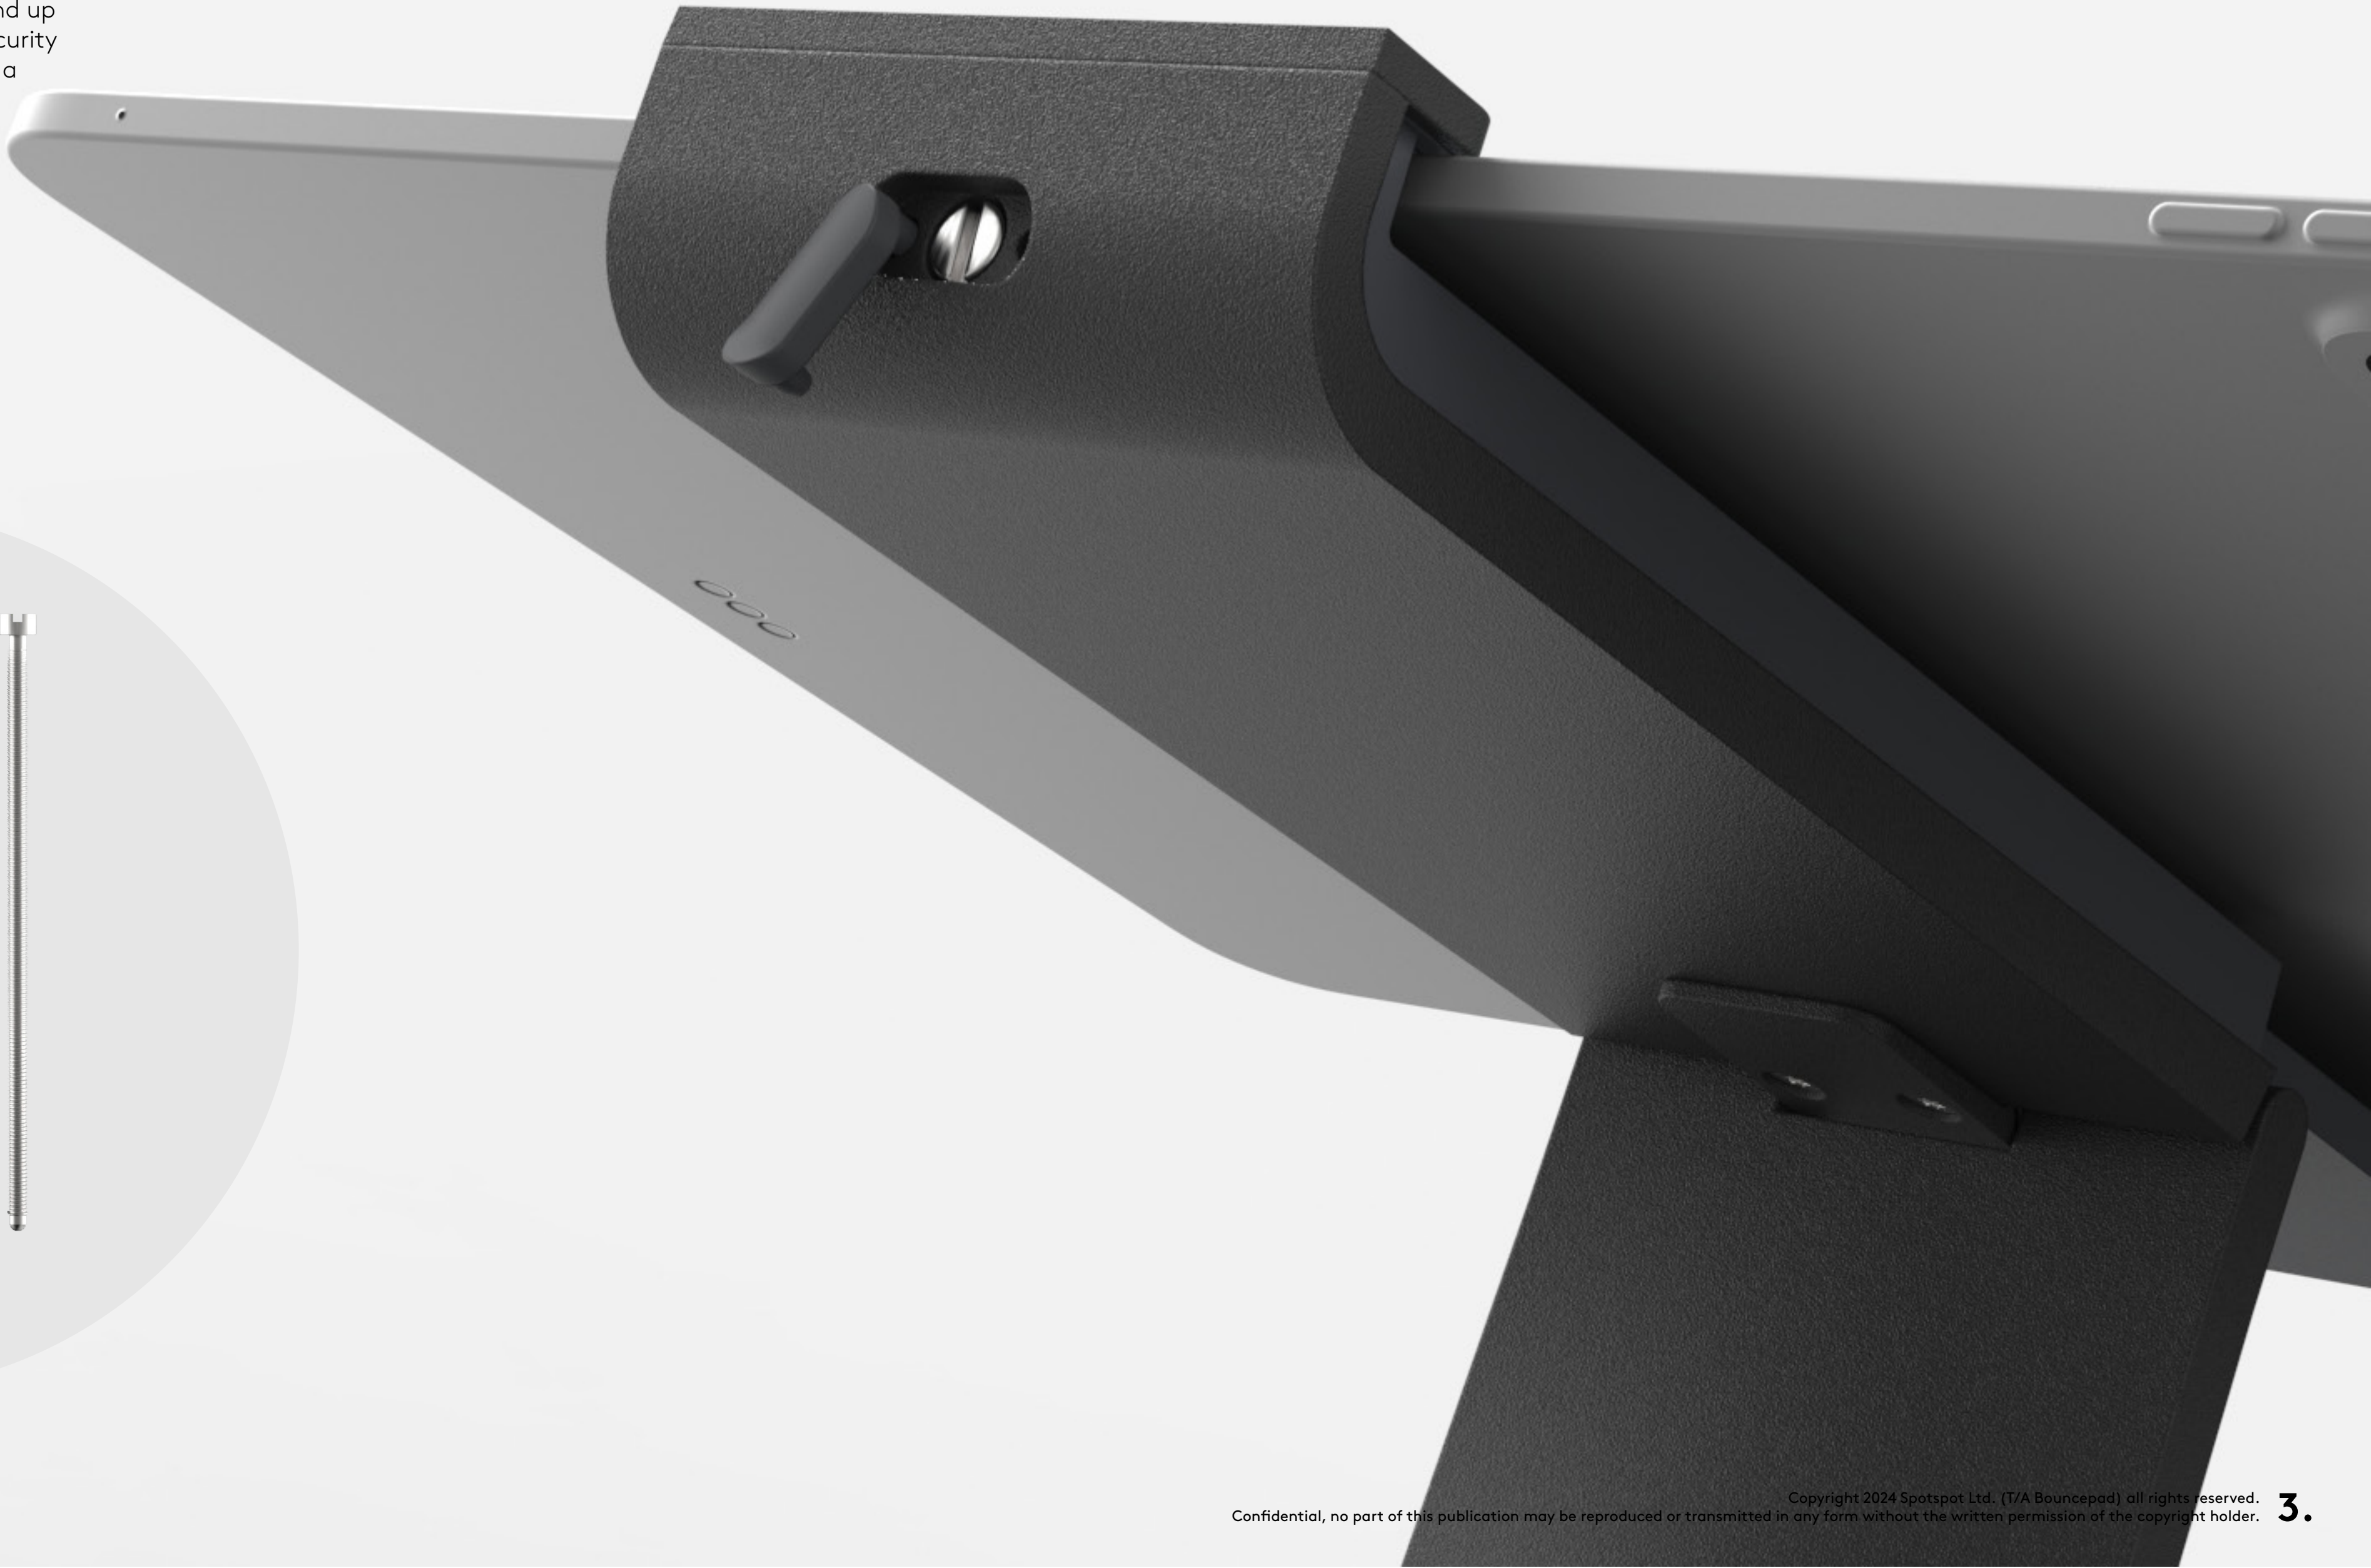

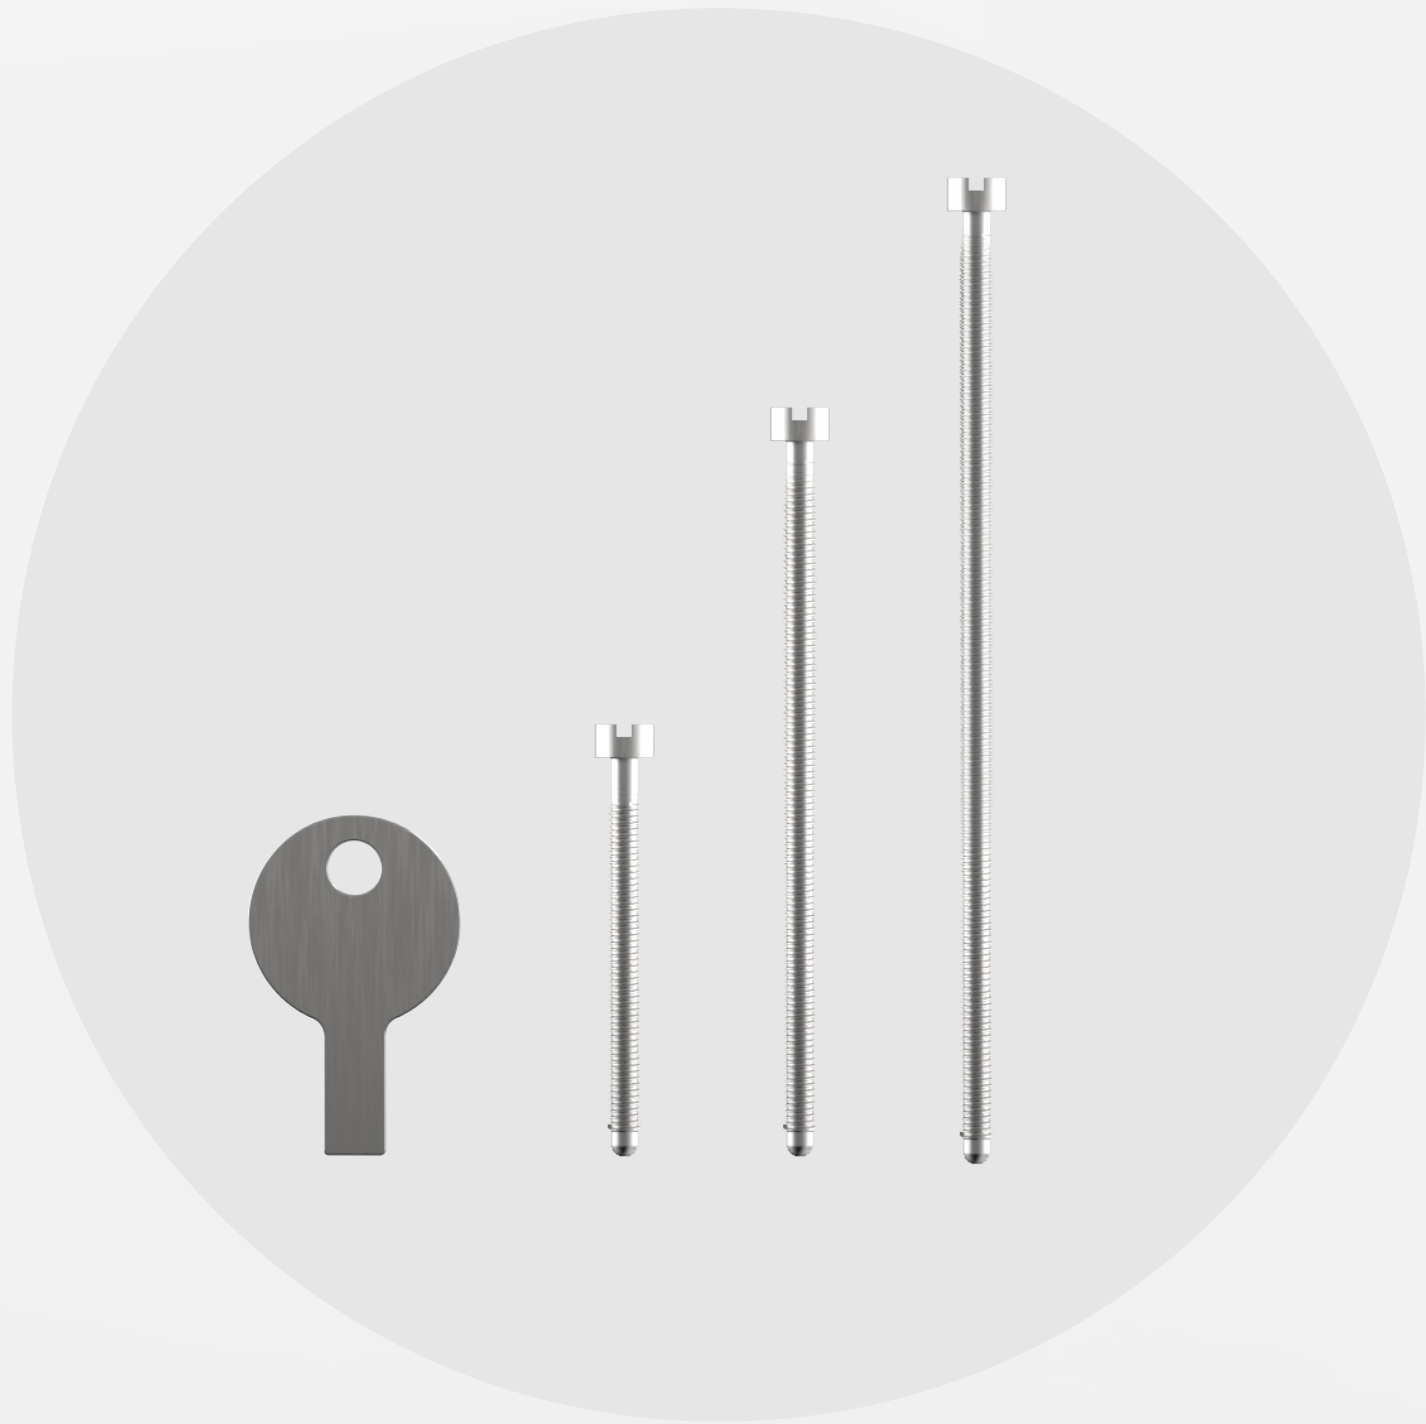

# Portrait + Landscape

To cater for many more use-cases we've redesigned the jaw mechanism to hold:  
Landscape - 11" to 13" tablets  
Portrait - 8" to 11" tablets

# Lock Re-design

The locking mechanism has been re-worked from the ground up to create a simpler, more user-friendly design. Individual security screws matched to you're chosen tablet are tightened with a handy key to clamp the jaws shut.

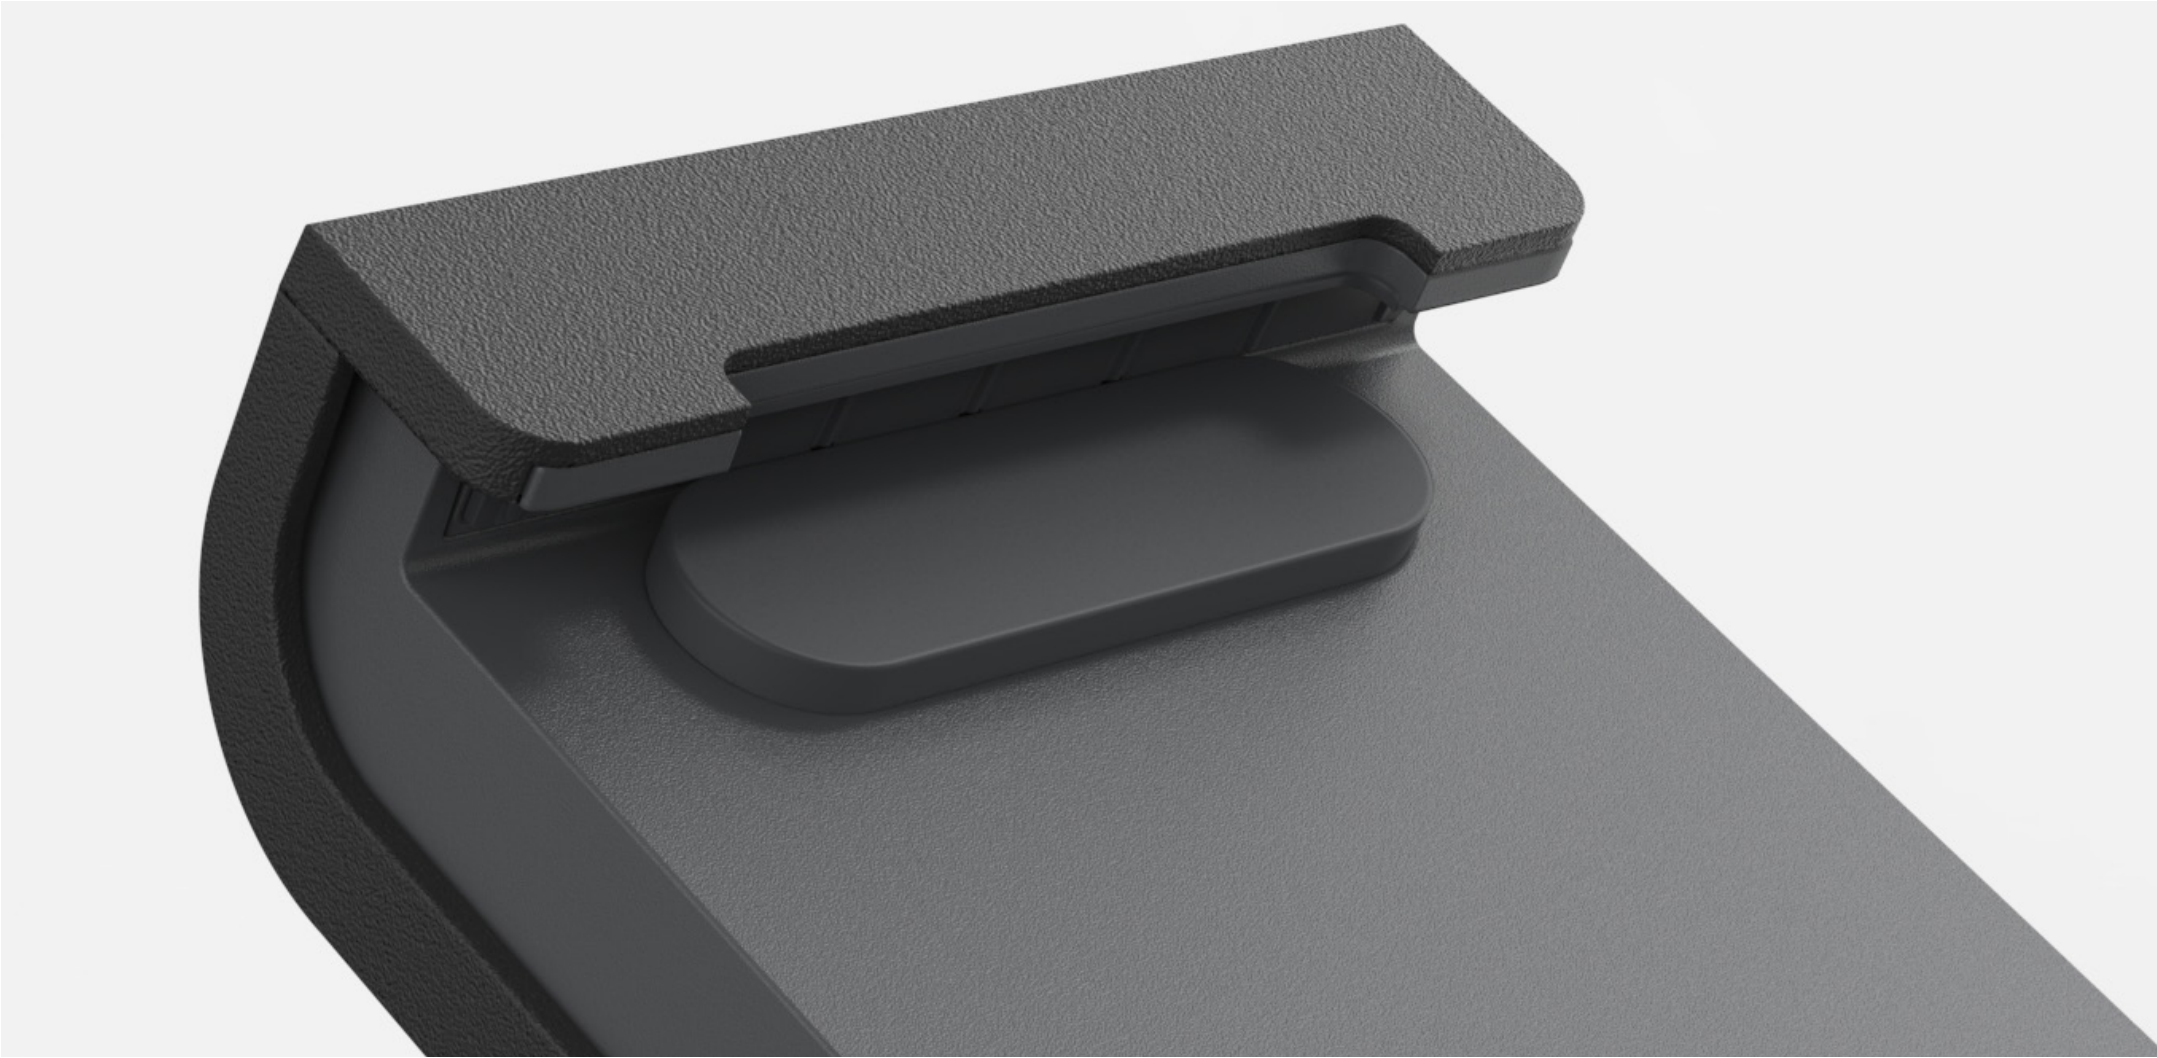

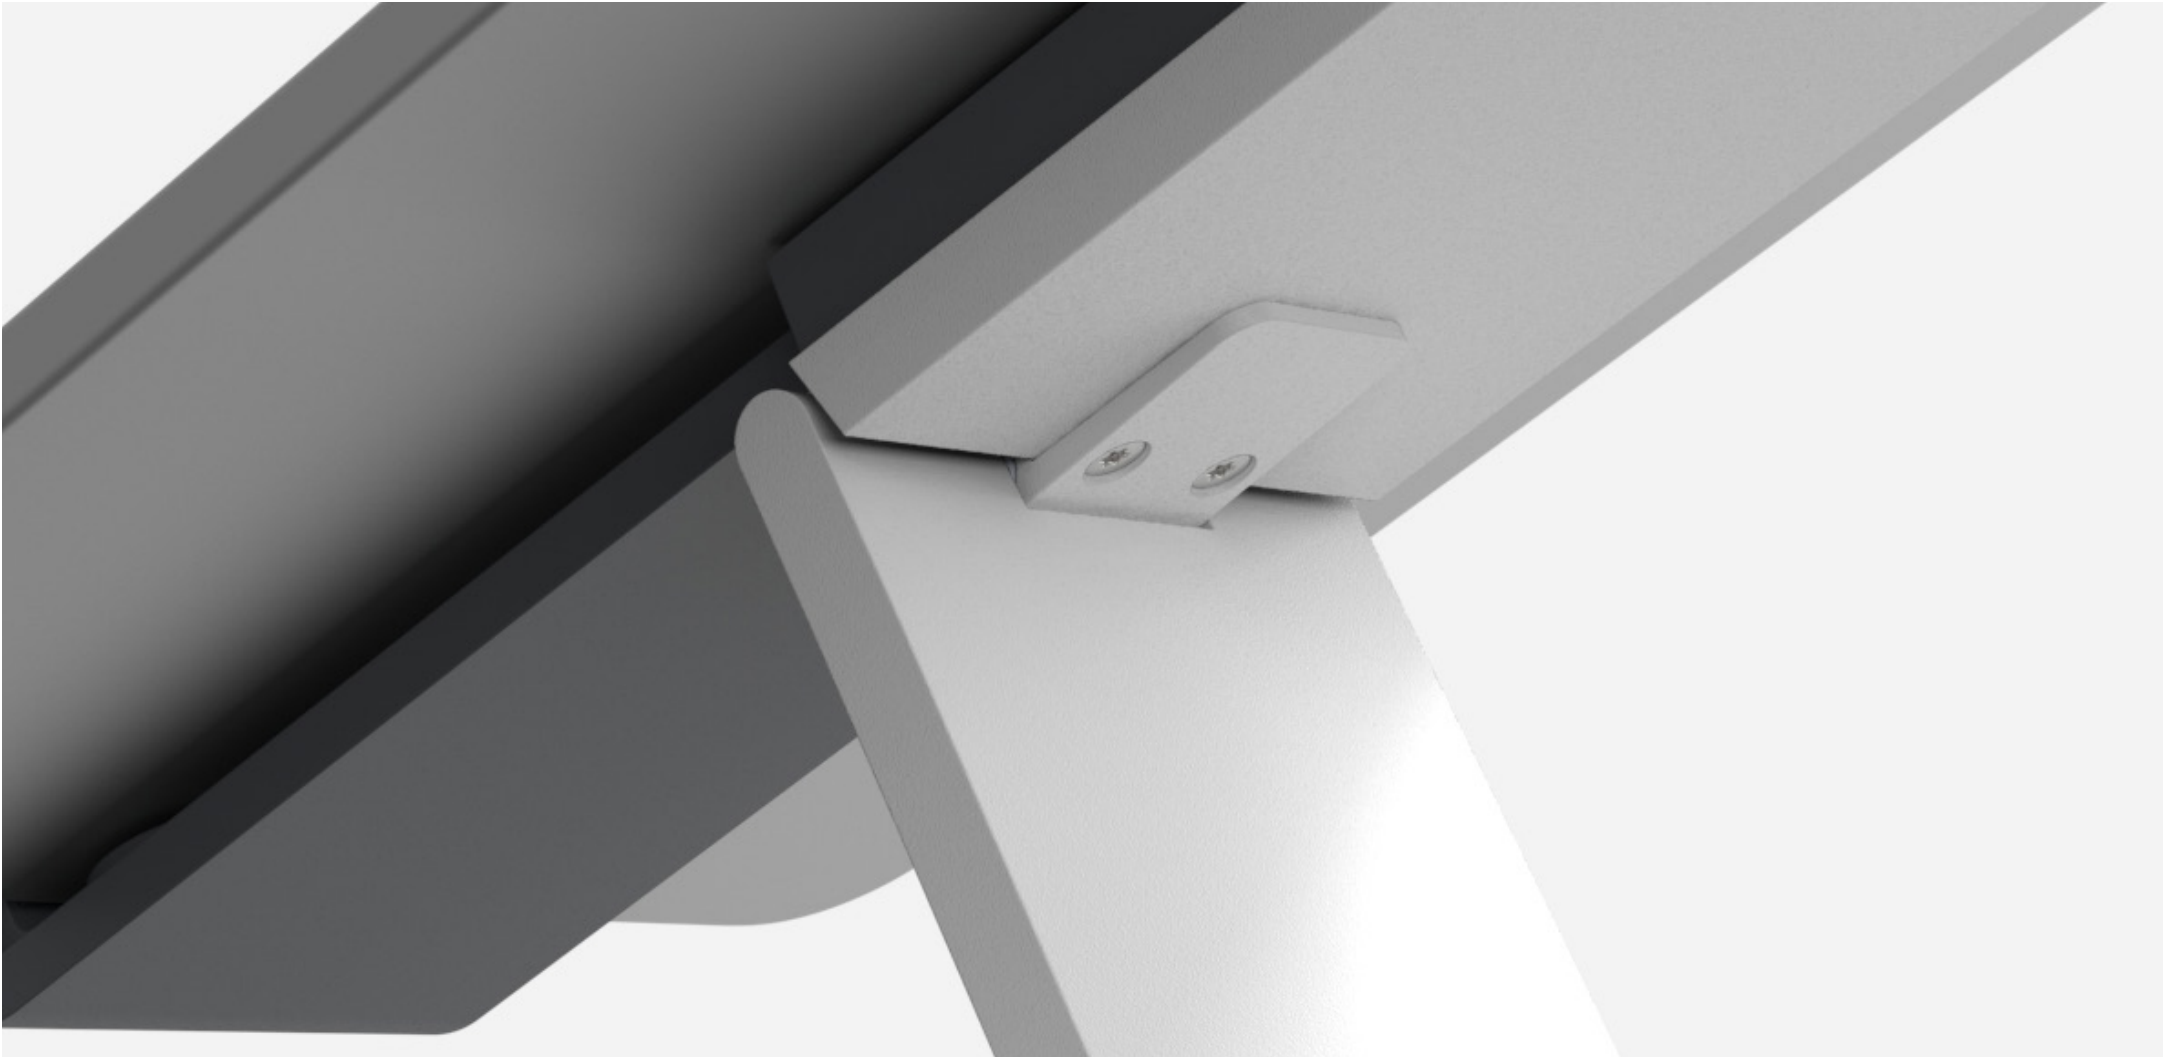

# Serviceable Mechanisms

The tilting and rotate hinges have been re-worked to provide a robust platform which can be repaired or replaced if needed.
