

PuK Combi USB-C PD G2

Elevate your office with the Zens PuK Combi 2x USB-C, the most differentiating integrated charger on the market today.

Next to a 15W wireless charger the PuK Combi USB-C offers 2 USB-C ports that in total share 95W output. Divided over the 2 individual ports, this means 65W and 30W output. This allows to charge multiple devices simultaneously, including a laptop, tablet, smartphone or headphones. Happy workdays!
